

NIH APOLLO Research Study Candidate

Please complete the questions below for all African ancestry deceased donors.

Include this completed form in the box(es) with the deceased donor APOLLO-eligible kidney and SCAN into DonorNet.

1. UNOS ID#: _____

2. The donor of this kidney is self-reported as African American, Hispanic Black, Afro-Caribbean or African?

Yes No

3. The next of kin agreed to Research/APOLLO?

Yes No

If **YES** to both questions above: collect, label and send the following samples to your HLA lab:

- DNA
- Serum
- Urine

-
- **Scan** this completed form in DonorNet (as last page of authorization/consent) in attachments.
 - Include a **note** in the case highlights that the donor is a participant in the APOLLO research study.

**** Include this completed form in the box(es) with the deceased donor APOLLO-eligible kidney and SCAN into DonorNet ****

For more information about the APOLLO research study, visit our website: www.TheApolloNetwork.org

If you need assistance identifying the correct staff to contact, email the APOLLO Coordinating Center staff at APOLLOstudy@wakehealth.edu

Thank you from the NIH APOLLO Consortium!
